

CANTERBURY TOWN BUILDING NEEDS COMMITTEE

MISSION STATEMENT

In recognition of the historic, practical and aesthetic benefits derived from Town owned properties, it is the mission of the Canterbury Town Building Needs Committee to review existing Town buildings as currently utilized and assess their needs regarding repairs or renovations.

It shall also be a part of our mission to meet with Town officers, department heads, and members of the Canterbury community to discuss the needs of the community at present and in the foreseeable future, the ability of existing Town properties to address those needs, and whether expansion or replacement of buildings is deemed advisable.

A full reporting of our findings and recommendations will be made to the Canterbury Selectmen by October 2001.

Committee:

Kent Ruesswick, Chairman

Beth Blair
Charles Cook
Robert Fife
Gordon Jackson
John Jordan

Kenneth Jordan
Jeremy Slayton
Ann Weger
Ted West
